

# Sensation Ride Rigging and Stirrup Attachment

## G4 Rigging

- Three billets
- Attach girth to two billet
- Attach stirrup leather to one billet
- Allows greater range of leg position
- Allows greater range of girth position
- Ideal for longer legged riders
- Standard on G4 Models (G4 Western, G4 Westlish Rebel, G4 Formal Dressage)

## G3 Rigging

- Original Rigging system
- Two billets, one buckle
- Attach girth to billets, stirrup leather to buckle
- Allows greater range of stirrup length adjustment
- Ideal for shorter legged riders
- Standard on G3 Models (G3 English Trail, G3 Dressage Trail, G3 Dressage, G3 Hybrid Trail)

## Western Rigging

- Works with Common Sense Cinch or most regular latigos
- Can be paired with either a Buckle or Billet for stirrup attachment, located either in front or behind western ring.
- ideal for those who like traditional western rigging
